

Give to Create

Support the MVLC to
support your community

Children's

1000 children enjoy the library every month. The new large, secure, space will have places for children to learn and play with each other, parents, and librarians. There will finally be space for all kids to work on activities they like at the same time

Community

For the first time in downtown Mount Vernon, there will be spaces for different size meetings and classes, with a welcoming lobby to fulfill the library's goal of fostering and strengthening community.

Kitchen

The licensed commercial kitchen will provide food service for meetings, a place for local growers to develop value added products, and cooking classes for adults and children. We need your support to equip the kitchen for maximum usage that will fulfill this most community requested feature.

Environment

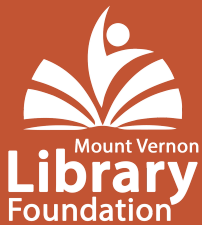

This project will meet developing energy needs as the climate changes. As the first "passive house" public building in the state, it will have the lowest energy use of any civic space.

Your donation is critical to equip and furnish the library and commons.

mvlibraryfoundation.org

LET YOUR NAME AND LEGACY LIVE ON AT THE LIBRARY

The Mount Vernon Library Commons is under construction! This project, built from community comment, now needs community support to finish the interior. Please take a moment to support the best library project around.

Inflation is affecting all of us, but the library remains committed to its “inflation-free” organizational model. No tickets or memberships required. The Library serves families, seniors, and literally everyone who walks through its doors!

The Mount Vernon Library Commons expands on that access by providing great spaces for community gathering and your support can help finish this multi-purpose community project. You'll be supporting your city by contributing directly to the people of greater Mount Vernon . Additionally, you'll be recognized for your generosity as a capital campaign supporter.

Please visit mvlibraryfoundation.org to pledge your support, or fill out and return the form on the (link below). Please be assured that your contribution will be used to out fit and furnish the great new facility that is the Mount Vernon Public Library.

Thank you for your consideration and continued support as a library user!
